It appears that it was not true that the dinner was served with cold water only as a drink. Republican Semination in the Third The Republican Congressional Convention for the Third District, held at Verson on the 8th inst, recommended McKee Dunn as their candidate for Congress. Mr. Dunn is a gentleman of fair talents, and is distinguished chiefly for a zealous advocacy of all the fanatical notions of the day. He is an out-and-out abolitionist, and entertains most profound respect for the negro. He is in favor of making the long-heeled race the social and political equal of the white man; conferring upon negroes the right of suffrage, making them jurymen, judges and legislators. The intelligent voters of the Third District have too much respect for themselves to indorse such abominable entiments, by electing a man who entertains them to a high legislative position. The Convention was small in numbers, without enthusiasm and were only in session about an hour.

Currency in Cincinnati. Our market for Tennessee, Illinois and Wisconsin currency is unsettled. Advices from Wisconsin, showing the existence of a large numbe of irresponsible banks in that State, have operate rably upon the credit of Western generally. Illinois and Wisconsin free banks are now quoted at 2 discount. Tennessee free banks range from 2½ to 10 discount, and there is no disposition to buy freely at these figures. This committed recently, by officials in that State, who

had charge of the securities. Notes of the Citizen's Bank were not taken at all yesterday. The notes of the American Bank, Baltimore, are also ed, and there is no sale for them. This appears to be a sort of Wildcat concern gotten up by a set of bank speculators, for ille gitimate purposes. A large quantity of its paper was paid out in Missouri. A Judge Expelled from Church. On Thursday evening last, Judge Erasmus D. Culver was expelled from the First Baptist Church, Williamsburg, New York, by a vote of sixty to thirty-seven, on the charge of adultery. The ladies implicated are two married women—Mrs. Brown and Mrs. Hinks. The Judge contends that he had not a fair trial, and the case will probably be carried into court by the ladies, if not by the Judge. The former having no connection with the church, it is contended that the members of the Society who acted in the matter, are individ-ually liable for damages. This case has made considerable noise in Williamsburg and New over the Union to give up the phantom and unite, and keep united, for self-protection, for the benefit form of government, under which they have all the rights which belong to them, and for side of the Judge and the ladies.
